

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF EDUCATION
BUREAU OF SCHOOL LEADERSHIP
AND TEACHER QUALITY

SUBJECT: Chapter 49 Professional Educator
Program Reviewers

FROM: Christina Baumer, Chief
Division of Professional Education

The PA Department of Education is recruiting educators to serve as program reviewers for initial teacher certification program applications from institutions of higher education. The Department is required to conduct reviews of these applications as mandated by the PA School Code, Title 22, and Chapter 49. Recent changes in legislation and State Board regulations have resulted in the need for colleges and universities to prepare applications for new programs in Early Childhood Education, Elementary/Middle Level Education, Special Education, Principal K-12 and Superintendent's Letter of Eligibility. In order to conduct the reviews, educators from the higher education and K-12 community are being recruited at this time. PDE is in need of 4-8 content reviewers to assist us in the program approval process.

The Initial application review process will not require you to participate in an on-campus review. The process will be electronic and allow you the ability to review the applications and support documents via the Internet. Your report will also be transmitted electronically. The Department will provide reviewers with a \$500 honorarium and 10 ACT 48 hours for each review.

If you are interested in being considered for participation in this very worthwhile professional development activity, please submit a current vitae to Christina Baumer at cbaumer@state.pa.us. You will be placed into the Department's databank and notified when training opportunities are available.

If you need any additional information, you should contact Christina Baumer at 717-783-6720 or via e-mail at cbaumer@state.pa.us.
